Valuation Days

We conduct special valuation days at venues all around the UK. No appointment is necessary at such events, and valuations are provided free of charge. We look forward to meeting all our customers in person, and hope to see you soon. We are always keen to consign goods to auction, or to make cash purchases.

Many events will be scheduled throughout the year. Up-to-date details of events are on our website www.lockdales.com

Valuations are available at our Martlesham premises, **please call first to make an appointment.** In the case of high value collections we are happy to send one of our representatives to visit you. We will travel overseas to collect your goods if you have guaranteed that you will consign to our auction, or will accept a purchase offer agreed prior to travel.

Returns Policy

Please inspect thoroughly all lots purchased upon collection or postal receipt. Returns can only be made within 7 days of receipt, with written explanation of the reasons why. Items can only be returned if significantly mis-described, or if proven to be inauthentic when sold as genuine. Bulk lots cannot be returned and thus we strongly advise viewing such lots in person. The nature of what constitutes a bulk lot is determined at Lockdales' discretion. Returned lots will only be accepted if returned in the same condition they were received in. We seek to stress by these terms: that the practices and etiquette of sale by auction are different from those relevant to sale by private treaty. Items in our auction are not sold "on approval". Bidders should be certain of the nature of each lot before bidding. We do not refund postal charges. ***We do not accept any returns on specifically German medals & militaria. These items are considered sold 'as seen' and should only be bought in full knowledge and acceptance of these terms.**

311 : George Medal Group: In its Royal Mint case, George Medal (QE2 BR.OMN:) plus Defence Medal, Fire Brigade (L. Caister on Sea, Norfolk). The Rescue took place in the Great Floods of 1953. Citation states: Frederick William SADD, Leading Fireman, Great Yarmouth Fire Brigade. (Caister on Sea, Norfolk.) Leading Fireman SADD was in charge of a fire appliance which attended a fire call to Gorleston where a small estate consisting of 16 prefabricated bungalows and some 30 two storey houses was completely flooded to a depth of more than 5 feet. Sadd, seeing there were several people trapped in the bungalows and houses, and hearing their cries for help, instructed a fisherman to collect a boat and report back to him with it. Meanwhile, as something approaching panic was reigning in most of the flooded buildings, Leading Fireman Sadd, accompanied by two members of his crew, started to wade into the bungalows. The water, however, soon proved to be too deep for his companions and Sadd, realising that they were unlikely to survive ordered them back and continued alone. The level of water was still rising, a very severe gale was blowing, it was pitch dark and the surface of the water was exceedingly rough. At times Sadd was completely submerged but he alternately waded and swam his way from house to house, reassuring the occupants and promising them that he would return with a boat to rescue them. He then made his way back to the high ground where the fisherman had returned with a boat. No oars were available but Sadd refused to abandon the attempt and by wading, and at times swimming, either pulling or pushing the boat in the direction it was desired to take, visited each of the bungalows, rescuing the persons found in them. In almost every case it was impossible to take the boat close up to the bungalows, and Sadd had therefore to carry each person in turn from bungalow to boat. The water was exceedingly cold and the conditions atrocious, but although suffering severely, Sadd persisted in his efforts. After rescuing 5 adults and 5 children in this manner, Sadd collapsed, was given first aid treatment and sent back to his station. A short while after, he responded to another call where, under similar conditions, he personally rescued a further 6 adults and 9 children from the houses on the estate. Throughout the entire proceedings, Leading Fireman Sadd showed courage of the highest order, with little or no regard for his own personal safety. (2)

530 : Lusitania interest - the superb and highly interesting group of medals awarded to Commander William Thomas Turner OBE RNR, Captain of the RMS Lusitania when it was sunk by a German Submarine in May 1915. Medals OBE (silver hallmarked 1917), Transport Medal with S.Africa 1899-1902 clasp (W T Turner), 1915 Star Trio (Commr W T Turner RNR), and silver Liverpool Shipwreck and Humane Society Medal (Wm T Turner 4th off'cr SS City of Chester for Jumping into the Alexandra Dock and Rescuing a Boy Apl 7/1883).

He was born in Liverpool, serving under his father's command on the Queen of the Nations. While serving on the Cherborg, Turner gained recognition for personally rescuing a man and a boy who had fallen in the water after the Alice Davies was wrecked in a collision with the Cherborg. He later rescued a 14 year old boy from the Alexandra Dock (medal with group), and he received an illuminated scroll from the Liverpool Shipwreck and Humane Society for rescuing the crew of the Vague in 1897. During the Boer War he was Chief Officer of the Umbria. He received another Illuminated Scroll from the L.S.& H.S. upon rescuing the crew of the West Point in 1910. In 1915 when the Lusitania was sinking, Turner ordered survivors evacuated, believing himself to be the last person on board he climbed the halyards to keep from being washed away and to remain with his ship till the end. Eventually he clung to a floating wooden oar and then a chair, as the ship sank beneath him. It was only later to his horror that he discovered that some had remained on board and were sucked under when the ship sank completely. After the sinking an Admiralty inquiry in which Winston Churchill was directly involved, exonerated him, however the charges haunted him for the rest of his life. He also survived the sinking of the SS Ivernia in 1916 which was torpedoed by a German U-Boat off the Greek coast. One of his sons AB Percy Wilfred Turner was lost at sea when M.V.Jedmoor was sunk by U-98 on 16th Sept 1941. VF-GVF (6)

Mary was again in Holloway in April 1914, released under the C&M Scheme on 1st May. Lord Hamiltons family had a long history of bravery in the field and wisdom in council, the Hamilton Crest comprises a Coronet and Crown with an Oak Tree, frame saw and the word "Through" this was incorporated in the family motto after Gilbert de Hamilton killed John de Spencer in 1325. Persued by the enraged Spencer family he took refuge in a forest and disguised himself as a wood cutter. As the Spencer party rode towards him he shout "Through" (meaning the tree was sawn through), the Spencers rode past taken in by the disguise. The pistol was made for Lord Hamilton the Irish Peer and Politician around 1783 when he became an MP (1782-1789), probably for self protection. He was a close friend of William Pitt The Younger, and awarded the KG on 17/1/1805 and became a Privy Councillor. This piece is in excellent original condition and GWO.

*This is "THE HOUSE" that man built
But oh what a wonderful change inside
The women as well as the men preside
They both hold the reins & no one complains
For the men now admit that the ladies have brains
And are every bit quite as fitted to sit
As themselves, in this House that man built.*
