£8.00

A close-up photograph of a highly ornate, antique pocket watch. The watch features a square brass case with intricate engravings and a large, circular white face with Roman numerals. The hands are dark and ornate. The watch is set against a dark red, textured background.

A collection of antique brass instruments, including a large cylindrical device with a handle and a smaller, more complex instrument with a flared end, resting on a dark red surface.

A photograph of a small, dark, rounded object, possibly a piece of pottery or a small jar, resting on a dark surface. The object has a bulbous body and a short, flared neck. It appears to be made of a dark material, possibly wood or stone, with some lighter, possibly metallic, patches or inclusions visible on its surface. The lighting is somewhat dramatic, highlighting the texture and shape of the object.
