Valuation Days

We conduct special valuation days at venues all around the UK. No appointment is necessary at such events, and valuations are provided free of charge. We look forward to meeting all our customers in person, and hope to see you soon. We are always keen to consign goods to auction, or to make cash purchases.

Many events will be scheduled throughout the year. Up-to-date details of events are on our website www.lockdales.com

Valuations are available at our Martlesham premises, **please call first to make an appointment.** In the case of high value collections we are happy to send one of our representatives to visit you. We will travel overseas to collect your goods if you have guaranteed that you will consign to our auction, or will accept a purchase offer agreed prior to travel.

Bidders Terms : Returns Policy

Please inspect thoroughly all lots purchased upon collection or postal receipt. Returns can only be made within 7 days of receipt, with written explanation of the reasons why. Items can only be returned if significantly mis-described, or if proven to be inauthentic when sold as genuine. Bulk lots cannot be returned and thus we strongly advise viewing such lots in person. The nature of what constitutes a bulk lot is determined at Lockdales' discretion. Returned lots will only be accepted if returned in the same condition they were received in. We seek to stress by these terms: that the practices and etiquette of sale by auction are different from those relevant to sale by private treaty. Items in our auction are not sold "on approval". Bidders should be certain of the nature of each lot before bidding. We do not refund postal charges.

***We do not accept any returns on specifically German medals & militaria. These items are considered 'sold as seen' and should only be bought in full knowledge and acceptance of these terms. Neither do we accept returns of bulk lots. Please ensure you have viewed items thoroughly.**

For the rest of our Bidders Terms see end of catalogue.

With photocopied paperwork inc Certificate of Commendation to Lance Bombardier Paul Martin Gray RA for Distinguished Service in the support of Operation HERRICK 6th March 2009. Copies of the citation and letters of congratulations.</p> <p>Joint Commanders Commendation Lance Bombardier Gray 3rd Regiment Royal Horse Artillery:</p> <p>25201911 L.Bdr Gray was a soldier in the Combat Support Observation, Mentoring and Liaison Team from the 1 R IRISH Battle Group during their deployment to Afghanistan on Operation HERRICK 8. He operated as part of a 6 man team tasked with mentoring a company of Afghan National Army Soldiers. L.Bdr Gray was a stalwart of a team primarily operating in the city of Geresk. The team operated under the constant threat of attack, primarily by suicide bombers and improvised explosive devices. L.Bdr displayed true physical courage and utter composure under severe duress on several occasions which is worthy of recognition. On the 8th June 2008, his team were tasked with conducting a VCP near the claustrophobic bazaar area of Geresk. It would be surrounded by a large and heaving mass of people. Intelligence suggested the threat of a suicide attack was imminent leaving all members of the team tense and edgy. After only a few minutes of establishing the VCP a car started to accelerate towards the patrol. It burst through the lead Afghan National Army section and started to bear down on the 6 man team. Several members of the team raised their personnel weapon to engage the oncoming vehicle. Before a shot could be fired, Gray had grabbed a mini flare firing it directly at the car. It ricocheted from the windscreen causing the car to screech to a halt. Had it not been for L.Bdr Gray's initiative and calm, composed response under pressure many innocent civilians would almost certainly have been wounded by the patrol. The second incident occurred on the 12 July 2008 as his team were returning from another arduous patrol close to the volatile and hostile village of SAIDIN. At 1343 hours, the lead vehicle in which L.Bdr Gray was acting as top cover, struck an anti tank mine. The ferocious blast decimated the front of the vehicle, violently propelling L.Bdr Gray through the top cover hatch. The blast had compressed the drivers' compartment where L.Bdr Richardson lay trapped and screaming in pain. The injuries to L.Bdr Gray were considerable; his back was broken in two places, three ribs had been smashed and he had two fractures of the skull. Despite the intense pain and with no direction from the front team commander, he calmly and in full knowledge of the risk of a secondary device, exited the remains of the devastated vehicle with a medical pack. With no regard for the searing pain racking his own body he probed the area for mines to allow safe treatment of the casualty. The extreme pain was clearly evident on L.Bdr Gray's face prompting the team commander to enquire if he was injured. L.Bdr Gray pulled L.Bdr Richardson from the wreckage and began administering first aid. Both of Richardson's ankles had been shattered by the sheer force of the blast - Gray quickly identified this and once again picked his way back to the vehicle to obtain supplies. Having administered morphine he calmly set about splinting L.Bdr Richardson's legs. Throughout this time, L.Bdr Gray had continually reassured L.Bdr Richardson, ensuring he remained as calm and comfortable as possible. Only after he done all he could for the casualty and the team did L.Bdr Gray give any thought to himself. L.Bdr Gray's bravery, composure and sacrifice mark him out as possessing all the best qualities of a British soldier.</p>	£750 - £800
